ARC fears fund cut

By ALMA HENRY

According to Tricia Blash, executive director of the Association for Retarded Citizens—Glades Area, that program stands a chance of losing federal funds if congress does not take a closer look and scrutinize some of the proposed cuts to the nation's budget.

Mrs. Blash who attended a district ARC conference in Tampa along with John Hooker, president of the ARC Board of Directors, said she gained insight into what Reagan's budget cuts means, along with the ramifications, if the federal government begins funneling monies into block grants for social programs.

Blash said if block grants begin, the state could allocate the funds as they see fit.

"I appreciate the need for cuts and everyone understands there is waste in federal programs, but I want to make sure some consideration is given to that cuts are made," she said.

Blash said she urges local citizens to write their senators and congressmen urging them to take a close-up look at the budget cuts.

If congress goes along with Reagan's cuts, Mrs. Blash said the administration would eliminate funding which makes it possible for disabled persons to become tax payers instead of tax burdens.

Repeat education for handicapped and eliminate the Bill of Rights and Protection and Advocacy Program.

Thus far, Mrs. Blash said mail has been three to the favor of the President's programs, "so we need to get our constituency writing."

The National ARC sent action alerts to members of Congress and Mrs. Blash said they are urging local citizens to write each congressional office with individually written, short messages, spelling out the serious concerns about the funding cutbacks and repeals of the many vital federal laws effecting handicapped individuals.

"It's a shame, that legislators vote according to their mail, but that's the way it is, and we've got to make sure they hear our side of the story," said Sandra Chambliss, chairman of the ARC Legislative Committee.

Mrs. Blash said although the consensus of the nation in November was to eliminate federal waste, she still feels each citizen of the U.S. has the prerogative to work to eliminate or retain program and funding sources they feel are beneficial.

"I urge you, as members of the ARC and the community to become knowledgeable about pending state and federal legislation affecting handicapped services."

"We, the people, must voice our opinion to our legislators and work diligently to insure the survival of those programs in which we believe," she added.

U.S. Sugar Corp. donates \$5,000 to Pahokee Lions for Jaws

PAHOKEE—Members of the Canal Point and Pahokee Lions Club moved a step closer to purchasing the Hurst Tool (Jaws of Life) when the group received a \$5,000 gift from the U.S. Sugar Corporation.

Harry T. Vaughn Jr., executive vice-president of U.S. Sugar, made the presentation to the Lions on Thursday, April 16, at the Pahokee Lions Clubhouse.

Arriving at the Pahokee Lions Clubhouse via helicopter from Clewiston, Vaughn told the Lions members his company recognized the benefits of the "Jaws of Life" and was pleased to help the local ambulance service, and several lives had been saved in Glades and Hendry Counties as a result of the "Jaws of Life."

Earl Hinson, project chairman for the Canal Point Lions Club said the donation from U.S. Sugar puts the fund at approximately \$13,000.

"This is enough to purchase the 'Jaws of Life' and the remainder will go towards a new van for the Pahokee Ambulance service, to be used for non-emergency transports," said Hinson.

The two clubs began this project to raise funds for the "Jaws of Life" in February with Duncan Padgett of Pahokee and Hinson serving as chairman for the project.

Hinson said each person and groups contributing a donation to the project was given a certificate to show they have a share of the "Jaws of Life."

On hand for the presentation were Mayor Norma Norman and Councilman Curtis Miners and a number of Lions Club members from Pahokee, and Canal Point and Dennis DeLucia, chief paramedic with the Pahokee Ambulance Service and several members of the ambulance service staff.

Belle Glade dealer fined

ATLANTA, Ga. — A Belle Glade produce dealer, William J. Mowen, has been barred by the U. S. Department of Agriculture from operating in the produce industry for failing to promptly pay over \$20,000 for produce. Mowen was barred under the Perishable Agricultural

Commodities Act which is designed to establish a code of good business conduct for the produce industry.

USDA charged Mowen with failing to pay \$20,589 for produce purchased from a New Jersey shipper between July and August, 1978. Mowen ad-

mitted the shipper's claims. Therefore, USDA ordered Mowen to pay the amount due.

Mowen is ineligible to operate in the produce industry under the act until payment is made. He cannot be employed by or affiliated with any PAC Act licensee without

USDA approval.

The PAC Act provides for damages to be paid by those who fail to meet their contractual obligations in buying and selling fresh and frozen fruits and vegetables. Interstate traders must be licensed.

Fire chief hired by South Bay

by ALMA HENRY

SOUTH BAY—The South Bay City Commission hired Douglas F. Manger as the new fire chief. Manger, a fireman with the Belle Glade Fire department and an emergency medical technician with Glades General Hospital replaces James Webber who resigned last week from the job.

Manger was one of four applicants who applied for the job and was the only local applicant.

Mayor Donald E. Tanner said he recommended Manger for the job because of his experience and because he was a local applicant.

Tanner said Manger would not have to come into the area and learn it as would the other applicants.

On a motion by Commissioner Sammy Rogers, the Commission unanimously approved the hiring of Manger who was in attendance at the meeting.

Mayor Tanner also appointed Wilbur Corbett, as the assistant fire chief.

Tanner said Corbett is a former CETA worker who has worked with the fire department.

"Corbett comes highly recommended for the position from former Fire Chief Webber and co-workers," said Mayor Tanner.

In other business before the Commission: Marshall Bull, chairman of the Centennial Bar-b-que planned by the American Red Cross appeared before the Council to ask for their support of the American Red Cross.

Bull said the American Red Cross is presently in the process of trying to establish a local Red Cross office in the Glades.

"Presently we are working out of room donated by the Pahokee Chamber of Commerce," said Bull.

Bull said, he was told approximately \$60,000 is needed to open a local office and although the bar-b-que on May 24 will not raise \$60,000, it's a start," he said.

Presently the American Red Cross is offering Glades residents first aid classes and Cardio-Pulmonary Resuscitation classes.

Bull said once the office is opened more services will become available to the Glades through the American Red Cross.

Bull said the American Red Cross is interested in having the South Bay fire department participate in a bucket brigade along with fire departments from Pahokee and Belle Glade the day of the bar-b-que.

"We can't make a thing go unless we have the support of the community and at the present all we want is the support of the Commission," said Bull.

Approved a \$4,077 change order to install equipment on the Wastewater Treatment plant expansion.

Seminole art exhibit to be unveiled at bank

BELLE GLADE — The most comprehensive collection of fine art on the Seminole Indians is nearing completion by Belle Glade artist Ann Tyler, who has successfully combined her artistic talent in oils with her admiration for the Seminole Indian expressed in a striking wall mural and four accompanying oil paintings.

Commissioned by the Bank of Belle Glade last year, the five works will be unveiled to the public in an open house to be held at the bank's main office at 108 S.E. Avenue D & 6 p.m. Thursday, May 7.

Nearly a year in the planning and conception by Ms. Tyler, the striking centerpiece is a massive wall mural depicting a heroic Seminole Indian character set against a late afternoon scene, returning from a successful hunt of curlew, a native white bird.

Standing over six feet tall against a brilliant blue-orange Florida sunset in a cypress hammock, the full figure is shown in traditional Seminole attire circa 1900.

Commissioned as a fine arts project by the Bank of Belle Glade, the art will be the central focus of the bank's main office lobby.

"We were extremely fortunate to have available to us an accomplished artist whose special interest is local Indian lore and Seminole history," Mikell said.

The Bank of Belle Glade's collection, entitled "The Seminoles," is the most comprehensive fine arts project devoted to Everglades history in the area. While a great deal of historical attention has been devoted to local history from the agricultural development through the great hurricanes of the late 1920s and subsequent building of the Hoover Dam, Mikell said, the artwork will yield a different historical perspective for the area.

"It's a major contribution will be it's attention to a period and a history that is sometimes overlooked and yet forms a rich heritage for our area," Mikell added.

Indian history is an integral part of the Everglades history and since the first white settlers began moving into the area to farm the rich mucklands. The only inhabitants of the Everglades other than occasional white trappers were Indians until the late 19th century.

The area around Lake Okechobee has been historically proven to have been a favorite hunting and camping ground for several tribes of Florida Indians including the Seminole tribe.

A significant Indian mound located south of Chosen, were relics and artifacts left behind by past generations of Indians who inhabited the area many years ago, has been the subject of interest to the Smithsonian Institute and local amateur archeologists.

Digging there have revealed important findings to Florida Indian history adding to the significance of the Lake Okechobee area for local Indians and migrant tribes.

Important artifacts, including skeletal remains, have been unearthed in recent years that have proven important to establishing the early history of the Everglades area. Some of those artifacts have been on display to the public at the Lawrence E. Will Museum and have received historical study.

Glade resident whose specialty is oils. A native Glades artist, Ms. Tyler has centered her attention on the Everglades.

From her home studio at 117 S.E. 4th St. in Belle Glade, Ms. Tyler has gained a wide acclaim for her realistic impressions in oils. She has studied extensively with well-known national illustrator Graham Ingles and credits another local artist, Mrs. Margaret Earwood, with guiding her into her field in her childhood.

Ms. Tyler's newest Seminole project, which she recently noted was clearly her most ambitious ever, combines her realistic impression with devotion to historical integrity. The research and development for the four paintings began nearly a year ago with sketches and have concluded with the giant mural and four large framed oils, each of which exhibit different themes and scopes for the oil artist.

Each of the five is different with its own character and impression.

Included in the grouping are varied themes characteristic of circa 1900 Seminole Indian lore and each uniquely representative of the artist's varied techniques.

Bright vivid hues of yellow and orange deliver warmth to Indian children themes.

Delicate greens, deep blues and purples provide a dark nighttime setting for an incredibly realistic campfire scene set in deep shadows cast by brilliant reds, oranges and yellows.

The mural itself was a feat of technical skill for the artist.

"It posed its own problems because of its sheer sizes," said Ms. Tyler. "I thought I might have to add onto the house just to accommodate the giant canvases," she said.

FINAL TOUCHES—Belle Glade artist Ann Taylor applies some final touches to one of five paintings including a 9-by-24 foot wall mural commissioned by the Bank of Belle Glade. Bank president W.W. Mikell is shown admiring the work.

Christian Day School beat St. Edwards of Vero Beach 12-4 Tuesday, April 21, to put even more shine on its season record, which now stands at 18-3, and assure itself of the number one seeding in the District 11 Tournament which begins Wednesday, April 29.

As a result of the one seed, Christian Day draws a bye in the first round of the tourney and will face a yet to be determined opponent Thursday, April 30, at 2 p.m.

Although the tournament will be played at Glades Day School, Christian Day is the home team.

Christian Day travels to West Palm Beach to play Summit Christian Friday, April 24, in its last regular season game of the year.

In Christian Day's latest victory Tuesday, sophomore pitcher Luis Garcia picked up his first win of this year. James Barnwell entered the game in the fourth inning and pitched no hit ball the rest of the way.

Juan Armas had the big bat for Coach Gus Harmon in that game, collecting two hits, two runs batted in, and three stolen bases.

The Crusaders had more trouble with Class 2A Labele in a game played Thursday, April 16, at Lake Harbor. William Cruz earned his 10th victory in that game as the Crusaders won 2-0. Cruz tossed a three hitter and struck out 10. He threw only 73 pitches during the entire game.

Christian Day got on the scoreboard in the second inning when Tavi Garcia and Jesus Armas pulled off a double steal, Garcia coming home and Armas taking second base. Cruz put the game on ice for the Crusaders when he socked a double, scoring Armas from second base.

Christian Day scored its third win of the week Wednesday, April 15, beating Pope John Paul 7-5. Pope John Paul scored four runs in the bottom of the sixth inning to tie the game at 5-5.

Christian Day came back in the top of the seventh inning, however, as Alex Morales singled, stole second base, and then stole third, finally scoring on a passed ball.

William Cruz scored the Crusaders final run after walking, stealing second, and coming home on Juan Armas' single.

Christian Day's top hitters in that game were Jesus Armas with two hits and two runs, Alex Morales (the winning pitcher) with two singles, two RBIs, and two runs, Will-

iam Cruz with a single and two runs, and Juan Armas with a double, single, and two RBIs.

Glades Day hoping for tourney win

With just the Clewiston Invitational Tournament left on the regular season schedule, the Glades Day High School Gators baseball team split two games last week, bringing their season record to 6-12.

April 15, the Gators lost at Kings Academy in West Palm Beach, 4-1. April 16, however, the squad won at home versus Moore Haven, 11-4.

Tony Sanchez threw a three-hitter for Glades Day in the Moore Haven

contest, while Jason Shelton, Robin VanScoy and Brian Lohman each had two hits. VanScoy had three RBIs, Lohman had two, and Rich Burns hit a triple.

Versus Kings, Burns had two hits, while Gary Herick and Henry Alava each had one.

With the Clewiston tourney this week, Glades Day goes into the District

Tournament at their home ballpark next week with the 4-9 conference record. Coach Tom King said he thinks this makes his team a valid threat to win the District, despite its overall under .500 performance.

"The boys think they can honestly win it, and I think they can too," King said.

Felissa Orduna, among the top 24 high school tennis players in Florida, was eliminated in the second round of Division I State Tournament play in Gainesville last week.

Eggleston employee of the year

Muriel Louise Eggleston, R.N., was selected from among 12 candidates Thursday, April 9, as Glades General Hospital employee of the year.

Mrs. Eggleston has been employed with Glades General 23 years, coming here from Massachusetts. Currently head nurse for obstetrics, she has also served as director of nursing, assistant director of nursing, night supervisor, and staff nurse.

Mrs. Sandra Chamblée, chairman of the board for the Palm Beach County Public Hospital District, made the announcement of Mrs. Eggleston's selection, noting that the employee of the year had first contacted the hospital when it was Belle Glade Memorial Hospital in 1951.

Mrs. Eggleston graduated from New England Baptist Hospital School of Nursing in Roxbury, Mass., before coming south. She recalls that she wrote letters to hospitals in Live Oak and Broward County, but came to Belle Glade because she received a more prompt response from the local hospital.

"It's been an experience, both good and bad—but mostly good," she said in accepting the award. "I wouldn't still be here if it hadn't been mostly good," she said.

Felice Robinson, hospital public relations director, said that Mrs. Eggleston and her husband, W.E. "Bill" Eggleston, will be treated to a stay at Southeast Plantation on Captiva Island.

"I've gained a world of experience working in a small hospital," she said.

Mr. and Mrs. Eggleston live at 1408 NW Ave. B, Belle Glade. They have two children: Susan, 25, an accountant in Miami, and Forrest, 21, a member of the U.S. Navy serving in the Indian Ocean.

The hospital employee of the year was selected by Administrator Patrick Lennon and Katherine

Deltas take students on tour of BCC

DAYTONA—Members of the Glades Alumni Chapter of Delta Sigma Theta Sorority recently took a group of 33 juniors and seniors girls of Pahokee High and Glades Central Community Schools on a tour to Bethune Cookman College Campus in Daytona Beach, on April 9 and 10.

Mrs. Ella Jones, a member of the local sorority said the purpose of the tour was to present the girls with a first observation of the many interesting things they will encounter during their college life.

All of the students shared a dormitory room with one or more freshmen girls, and they were told of many aspects of college life, both the pros and cons," said Mrs. Jones.

"With the cooperation of the school's admission staff, the girls were given a tour of the college and treated to an afternoon at the beach," Mrs. Jones

added. While at Bethune Cookman College the students were also told of the many financial responsibilities of college and how to apply for financial aid to offset some of the financial responsibilities.

Mrs. Jones said the sorority will assist local seniors with filling out college applications and financial aid forms.

"In the past a large number of our youths have lost out on financial aid grants because they failed to file the forms within the proper deadlines or they simply refused to apply for such funds," said Mrs. Jones.

Delta Sigma Theta members making the trip along with the students were LaVonne Taylor, president of the local chapter; Eddie Queen Blakey, Cora Edwards, Barbara Brown, Juanita J. Malone, Brenda McCall, Lois Lewis, Barbara Brown and Ella Jones.

KEEPING THE FAITH

BY THE REV. JOE ED MCGRAHEY
Community United Methodist Church

"So when they had finished breakfast, Jesus said to Simon Peter, 'Simon, son of John, do you love me more than these?' John 21:12 NKJB

Easter is over - well not quite, we are now in the Easter season which will last through the month of May. This is because until the Ascension which came 40 days after the Day of Resurrection, Jesus showed Himself several times to His Disciples.

In fact He was seen at least three times on that first Easter Sunday. He was first seen by Mary Magdalene, then by two on the road to Emmaus and finally in the Upper Room by the eleven. Also on that day it would seem that Peter saw Jesus. (1 Corin 15:5). All of these appearances were in and around Jerusalem.

A few weeks later the disciples had gone back to Galilee. One evening as Peter and some of the others were standing on the side of the beautiful Sea of Galilee, where they had so often made a living as commercial fishermen. Peter suddenly said, "I am going fishing." With that they were soon pushing the boats into the water for a night of pulling nets. Finally it was almost dawn and they still had not caught any fish. It was then that a "Stranger" on the shore called to them to ask if they had caught any fish.

He told them where to cast the net in order to get a catch of fish. As they were struggling with the net, John realized this "stranger" was Jesus. When he told Peter that it was Jesus, Peter climbed over the side of the boat and got to land very quickly, to find that Jesus was cooking their breakfast. It was after breakfast that Jesus turned His attention toward Peter, "Simon, son of John, do you love me more than these?" Peter's reply was, "Yes, Lord. You know that I love you." But Peter had not really answered Jesus

question. Because the word Jesus used for love was "Agape," and the word Peter used was "phileo." Agape is a much stronger word-it is love without reservation that has its source in God's love. "Phileo" is human affection that begins in the human heart. So Jesus asked the same question again and again Peter gave the same answer. So the third time Jesus used Peter's word-"phileo"-human affection. This is one reason that Peter got so upset with Jesus asking him the question again and again.

Jesus is asking us the same question, and that question is not just whether we love Him or not, but how do we love Jesus? For Jesus when asked about the most important commandment said "You shall love (Agape) the Lord thy God with all your heart...soul...mind." (Matt 22:37) He then goes on to tell us that we were also to love our fellowman with the same kind of love.

God's call to us is a call to responsibility. As Jesus said to Peter that morning on the sea shore - "Tend My Lambs; Shepherd My Sheep" and Tend My Sheep."

grandparents are Mr. and Mrs. Bennie Jones of Okeechobee.

Jesus then went on to say to Peter that his life would be completely in the hands of God and that one day it was implied that Peter would pay with his life for the cause of Jesus Christ. That is what one day did happen on a hill outside of Rome. Peter was crucified upside down.

You and I are called to love God with such love that only His will really matters when we are confronted with the decisions of life.

MOON GAZING

An impossible dream? Not at all. Men have already gone to the moon and women will follow. This girl, if she really wants to, may be one of them.

If she really wants to, That word "really" is often the key to success. It may take hard work, courage and time, but all men really want to achieve, the chance to be successful. And that's what you want, too. Take a look at the record. You will find that some of the greatest pioneers took on earth and in space have also been churchgoers.

Don't you think there must be a reason for it?

Brownies deliver Easter baskets to hospitals

PAHOKEE — Brownies Troop number 283 of Pahokee visited Everglades Memorial Hospital in Pahokee and Glades General Hospital in Belle Glade Saturday, April 18 delivering Easter baskets to children confined to the hospital.

Mrs. Caroline Gossett, troop leader said the girls with the assistance of Juniors Starla Johnson and Susie Austin made the Easter baskets from start to finish at several Brownies meetings.

Mrs. Gossett said the troop hoped their visit would brighten the Easter holiday for the youths confined to the two hospitals in the Glades.

Brownies participating in the projects were Zeno-bia Roundtree, Lisa Ever-

ett, Diane Rodriguez, Wendy Austin, Tanya Payne, Sherry Die, Christine Jones, Tabitha Joseph, Angela Smith and Kitha Coleman.

Mrs. Gossett said the troop is a fairly new one, having just officially become a troop on Girl Scout Sunday on March 8.

Saturday evening the Brownies held an Easter egg hunt at the Community Center in Canal Point.

Assisting Mrs. Gossett were Gene Gossett and Linda Austin, assistant troop leaders.
